Drawing on his own research and interviews with whistleblowers and insiders, Bongino shows how the political and corporate elites have rigged the system in their favor, leaving the rest of us behind.

He documents how elections are stolen, how the media is corrupted, how politicians are bought and paid for, and how corporations are allowed to poison our environment and exploit our workers.

But Bongino doesn't just expose the problems. He also offers solutions. He shows how we can take back our country from the con artists and restore it to its former glory.

If you're tired of being lied to and taken advantage of, then you need to read 'America, You Are Being Conned.' It's the wake-up call we've been waiting for.
