Here comes the bride (or maybe not...)

WHAT COULD POSSIBLY MAKE THOR—the massive and mighty god of thunder and protector of all his people—put on a bridal gown?

It all begins when the source of Thor's power, his beloved hammer, goes missing. Loki, the god of mischief, learns the hammer was stolen by the king of the giants, Thrym, who won't give it back unless he can marry Freya, the goddess of love. But Freya has no intention of becoming Thrym's wife, so Loki comes up with a daring plan: Someone will dress up as Freya, gain access to the castle, and steal back the hammer.

Before you know it, Thor is dressed in fancy finery disguised as a bride-to-be. Will they find the hammer in time, or will Thor have to (*gasp!*) walk down the aisle?
