In a world where it can often feel like our voices are not heard, *Seen and Now Heard* is an inspiring memoir by a young American girl who overcomes adversity to find her voice and make a difference in the world.

From a young age, the author struggled with shyness and a lack of self-confidence. She was always afraid to speak up, even when she had something important to say. As a result, she felt invisible and alone.

But one day, the author decided that she was tired of being silent. She started to practice speaking up, even when it was difficult. She joined a debate team, took a public speaking class, and volunteered for a local organization.

Slowly but surely, the author began to gain confidence in her voice. She started to realize that she had something to say, and that her voice mattered. She began to use her voice to speak up for herself and for others, and she inspired those around her to do the same.

At first, the author's voice was shaky and she stumbled over her words. But as she continued to read, her voice grew stronger. By the end of the poem,

the author had found her voice. She realized that she had something to say, and that her voice mattered.
