Keefe was born in 1859 in a poor Irish immigrant family. He began his career as a printer, but he soon turned to journalism. In 1887, he joined the staff of the New York World, where he quickly became known for his hard-hitting investigative reporting.

Keefe's most famous work was his exposé of the meatpacking industry, which he published in a series of articles in the World in 1906. Keefe's articles revealed the unsanitary conditions in the meatpacking plants and the widespread use of diseased meat. His work led to public outrage and to

the passage of the Meat Inspection Act of 1906, which established federal regulation of the meatpacking industry.

Keefe also wrote about other social problems, including child labor, poverty, and political corruption. His work helped to raise awareness of these issues and to bring about reforms. Keefe was a controversial figure, but he was also a powerful advocate for social justice. His work helped to make the United States a more just and equitable society.
