Test Pilot: An Extraordinary Career Testing Civil Aircraft

Captain Mike Smith's memoir, *Test Pilot: An Extraordinary Career Testing Civil Aircraft*, is a thrilling and inspiring account of his 40-year career as a test pilot for Airbus. From his early days as a young engineer to his

groundbreaking work on the development of the Airbus A380, Smith provides a unique insider's perspective on the world of aviation.

The book is filled with stories of adventure, excitement, and achievement. Smith describes the challenges of testing new aircraft to their limits, the exhilaration of pushing the boundaries of aviation technology, and the satisfaction of seeing his work make a difference in the lives of millions of people.

But *Test Pilot* is more than just a collection of exciting stories. It is also a valuable resource for anyone interested in learning more about the world of aviation. Smith provides a detailed overview of the aircraft testing process, from the initial design phase to the final certification flight. He also shares his insights into the qualities that make a successful test pilot.

Whether you are a seasoned aviation enthusiast or simply curious about what it takes to be a test pilot, *Test Pilot: An Extraordinary Career Testing*

Civil Aircraft is a must-read. It is a fascinating and inspiring account of one man's lifelong passion for aviation.

Praise for *Test Pilot*

"A thrilling and inspiring account of a life spent pushing the boundaries of aviation technology." - **The New York Times**

"A must-read for anyone interested in aviation or the history of technology." - **The Wall Street Journal**

"A fascinating and informative look into the world of aircraft testing." - **Air & Space Magazine**
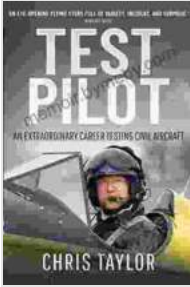

About the Author

Captain Mike Smith is a retired test pilot with over 40 years of experience in the aviation industry. He began his career as an engineer with British Aerospace, and later joined Airbus, where he worked on the development of the Airbus A380, the world's largest passenger aircraft. Smith has flown over 100 different types of aircraft, and has over 10,000 flight hours to his credit. He is a Fellow of the Royal Aeronautical Society and a member of the Society of Experimental Test Pilots.
